

connecting **KIDS**

Most of Nevada's students have started the school year learning online, but not all Nevada students have access to the equipment they need to participate and succeed in a virtual classroom.

At **Connecting Kids Nevada**, it's our ambition to connect every Nevada student in need with reliable internet and a device. Now more than ever, it takes a village to teach a child. Together as Nevadans, we must quickly mobilize to spread the word about Connecting Kids, especially now that the school year has started.

If your student needs a device, please contact your school or visit **ConnectingKidsNV.org**. If you qualify* and need internet for school, please call the Family Support Center at **888-616-2476**

*To Qualify: New Cox Customers with K-12 children who are eligible for the National School Lunch Program, Head Start, SNAP, WIC, LIHEAP and/or TANF; who receive Tenant-Based Vouchers, Project-Based Vouchers or Section 8 Project-Based Rental Assistance (PBRA); and/or who live in Public Housing.
